## CONCEALED FIX FLAT PLATE RANGE

Eurolite utilise Crabtree capital power and control interiors which are fully design co-ordinated to offer consistent styling and inherent safety features across a broad range of applications.

Features include:

- Large concave rockers for ease of operation especially for the elderly and infirm.
- Labyrinth switch design to minimise visible arc flash and prevents front access to live parts.
- Large tunnel terminals with Live and Neutral angled for ease of wiring and to assist installation.
- Socket outlets with twin earth terminals as standard for high integrity earthing.
- Padlockable Fused Connection Unit carrier for extra on-site maintenance safety.
- Optional neon indicator for visual "ON".
- Positive drive action prevents balancing between ON and OFF position.
- Double pole product marking on moulded rocker to easily identify once product has been installed.
- Substantial silver alloy contacts for longer life and low contact resistance.
- 3mm contact gap ensures safe means of isolation.
- Individually boxed to protect product before installation.
- Metal rockers to harmonise with the decorative plate finish.
- Modular grid products enables units to be quickly and easily assembled to customers' individual specifications allowing several circuits to be controlled from a single position.

### RECOMMENDED QUANTITY OF SOCKET OUTLETS FOR DOMESTIC INSTALLATIONS

An installation may have too few socket outlets or the existing socket outlets may be incorrectly sited. Both conditions are symptomatic of an inadequate installation which could lead to potentially dangerous improvisation. The following is a summary of the recommendations of the Electrical Installation Industry Liaison Committee and all socket outlets should be of the twin switched type.

NUMBER OF SOCKETS ROOM	6 KITCHEN	6 LOUNGE	4 DINING ROOM
4 DOUBLE BEDROOM	4 SITTING ROOM	4 SINGLE BEDROOM	1 LANDING/STAIRS
2 HALL	2 GARAGE	2 STORE/WORKROOM	1 CENTRAL HEATING BOILER POINT

### GUIDE TO THE TERMINAL CAPACITIES OF THE PRINCIPAL WIRING ACCESSORIES - PRODUCT/CONDUCTOR SIZE

13A SOCKET OUTLETS	$3 \times 2.5\text{mm}^2, 2 \times 4\text{mm}^2, 2 \times 6\text{mm}^2$
13A FUSED CONNECTION UNITS	$3 \times 2.5\text{mm}^2, 2 \times 4\text{mm}^2, 2 \times 6\text{mm}^2$
10AX PLATE SWITCHES	$4 \times 1\text{mm}^2, 3 \times 1.5\text{mm}^2, 1 \times 2.5\text{mm}^2$
20A DP SWITCHES	$3 \times 2.5\text{mm}^2, 2 \times 4\text{mm}^2, 1 \times 6\text{mm}^2, 1 \times 10\text{mm}^2$
